SUMMARY

Product growth professional with **2+ years of experience growing AI products**. Currently focused on **SEO** and **AEO**, with a track record of running experiments, prioritizing high-impact bets, and scaling growth in fast-moving teams.

EDUCATION

- **ESCP Business School** Madrid, Spain; London, UK
M.Sc. in Digital Media & Marketing September 2025 – December 2026
- **Communication University of Zhejiang** Hangzhou, China
Radio & Television; GPA: 3.95 September 2021 – June 2025

PROJECTS

- **Picsi.AI (Sept, 2025 – Nov, 2025)**: Independently led SEO growth for a global AI face swap product, increasing average daily organic clicks by **7x** within three months, **from a few hundred to over 1K**. Drove growth through high-intent landing pages, multilingual expansion, and site architecture optimization.
- **ShiftFlow (Nov, 2025 – Present)**: Independently led SEO growth for a US-focused time-tracking product, scaling organic traffic **from 0 to 30K**. Built a scalable content system in the workforce domain and partnered with engineering team to automate content generation, internal linking, and publishing using AI. Enabled rapid iteration at scale, with multiple pages appearing in Google AI Overviews.
- **Personal Content Project on Rednote (Aug, 2025 – Present)**: Write and publish content on AI GTM strategy, AEO, and growth hacking, sharing hands-on experiments and practical insights. **Published 70+ posts with 19K+ total saves and engagements**.
- **RW LAB (Feb, 2023 – Jan, 2026)**: Co-built RW Lab, a leading Chinese digital nomad organization. Owned global growth and international outreach, building presence from scratch on LinkedIn and Twitter. Led content, partnerships, and influencer initiatives, generating 100K+ impressions and growing an initial global audience of 2K+ followers.

INTERNSHIP EXPERIENCE

- **Duizhun Technology., Ltd** Remote, China
SEO Intern June 2025 - Sept, 2025
 - **Overview**: Supported SEO execution for **20+** AI products, including Medeo, Dubbing AI, Lessie AI, and Collov AI, delivering technical diagnostics, site structure recommendations, and optimization plans for clients.
 - **Keyword Research**: Built and prioritized **100+ keyword clusters** per product based on use cases, competitive analysis, and search intent, informing landing page strategy and site architecture decisions.
 - **SEO Audits**: Conducted SEO audits to identify indexing issues, internal linking gaps, and duplicate content, contributing to technical and on-page optimization roadmaps.
 - **On-Page Optimization**: Optimized **200+ pages** across client sites through metadata updates, content structure improvements, and AEO adjustments to improve search visibility and intent alignment.
- **Beijing DNTQ Technology Co., Ltd.** Beijing, China
Growth Intern Jan 2025 - April 2025
 - **Overview**: Led user growth and conversion experiments for a consumer AI product in its **PMF stage**, identifying core user needs and refining key conversion paths.
 - **Data Analysis**: Designed event tracking and funnel analyses with engineering across key user actions, identifying major drop-off points and contributing recommendations that improved sign-up conversion by **~5%**.
 - **Paid acquisition**: Planned and executed **paid acquisition experiments** on Meta, iterating on landing pages, creatives, and audience targeting through A/B testing.
 - **Social Media Management**: Built and operated an automated Twitter distribution system from scratch, **managing 20+ accounts** to support early user acquisition and test content-driven growth loops.

- **Hangzhou Morning Breeze Technology Co., Ltd.**

Remote, China

Growth Intern

Aug 2023 - Jan 2024; June 2024 - Nov 2024

- **Overview:** Supported the launch and early growth of **three AI products**, contributing to cold-start acquisition and post-launch scaling. **Helped one product rank NO.1 on Product Hunt and be featured in A16Z's AI Avatar use case roundup.**
- **SEO Execution:** Led programmatic SEO execution by building high-intent landing pages at scale (e.g., "AI [Genre] Music Generator"), covering hundreds of pages and stabilizing homepage organic traffic at **30K+**.
- **Data Analysis:** Analyzed user behavior using PostHog and SQL, segmenting users by geography, device, and acquisition source to support pricing and funnel optimizations, improving regional subscription conversion by **~10%**.
- **Early Distribution Strategy:** Tested early-stage distribution channels and content formats such as Reddit to validate acquisition signals.

SKILLS

- **Languages:** English (Professional working proficiency; IELTS 7.0), Mandarin Chinese (Native), Spanish (Basic)
- **Growth:** Organic and paid acquisition across SEO/AEO, influencer partnerships, email, and social channels
- **Data Analytics:** SQL (basic querying), Python (basic scripting), Web fundamentals (crawling, indexing, site structure)
- **Design:** Adobe Photoshop, Illustrator, Premiere Pro; Basic visual editing
